01 MOST VALUABLE PLAYERS

The Best in Property Valuation

From the trusted loan appraiser armed with credentials, training, and years of experience to the Big Data aggregators armed with countless data points and proprietary algorithms, the property-valuation sector, like the rest of the mortgage industry, is in a state of transition. While some may still be finding their way in this new world of improved technology and timelines, others have embraced the innovations and are serving the industry with speed and accuracy previously unimaginable.

On the next pages, we introduce you to some of the frontrunners of the new property-valuation sector.

STAFFING

ServiceLink employs more than 3,000 employees nationwide. The company is headquartered in Pittsburgh, Pennsylvania, and maintains strategic operational facilities throughout the United States including Arizona, California, Colorado, Florida, Minnesota, Texas, and Virginia. With dominant presence in all major markets and nationwide facilities staffed with highly trained specialists, ServiceLink has the ability to scale quickly and offset capacity needs to assist its clients with any challenges they may face with fluctuating volumes or business priorities.

CORPORATE DETAILS:

1355 Cherrington Parkway, Moon Township, PA 15108 | 1.800.777.8759 | SalesSupport@SvcInk.com | SvcInk.com

COMPANY DESCRIPTION

ServiceLink is the nation's premier provider of digital mortgage services to the mortgage and finance industries. ServiceLink leads the way by delivering best-in-class technologies, a full product suite of services and proven experience, built on a foundation of quality, compliance, and service excellence. ServiceLink delivers valuation, title and closing, and flood services to mortgage originators; end-to-end subservicing to mortgage servicers; and default valuation, integrated default title services, vendor invoicing, and claims audit services, as well as auction services, to mortgage servicers. ServiceLink helps clients in the lending industry and beyond achieve their strategic goals, realize greater efficiencies, and better serve their customers.

COMPANY HISTORY

ServiceLink, through its predecessor companies, has offered valuation services since 1983. ServiceLink developed the first appraisal and BPO management solution specifically focused on servicing and default in 1995. A decade later, ServiceLink offered Desktop Valuations With Exterior Inspection (DVI) in 2005. Then, in 2012, Desktop Valuations With Interior Inspection (DVI-I) was added to its product offerings. In 2017, ServiceLink introduced the industry-changing technology, EXOS Appraisal.

REGULATORY COMPLIANCE

ServiceLink is committed to upholding the highest levels of compliance and ensuring ServiceLink is at the forefront of risk mitigation. ServiceLink's Regulatory and Compliance Counsel monitors all new and pending regulations and participates in industry engagements to receive the most current information. ServiceLink also maintains documented policies and procedures to help clients meet third-party oversight requirements.

ServiceLink complies with all federal and state statutes, regulations, and ordinances that are applicable to the services it provides to its clients, as well as all rules and guidelines established by any insurer or investor, including (but not limited to) Fannie Mae, Freddie Mac, and HUD. ServiceLink is also subject to oversight from state boards that oversee Appraisal Management Company (AMC) licensing.

BUSINESS LINES, SERVICES, AND PRODUCTS

ServiceLink provides a full suite of origination, default, business consulting, and technology-related products and services to the industry. ServiceLink Valuation Solutions offers a wide array of valuation solutions from a single source, including traditional interior and exterior appraisals, residential evaluations, BPOs, desktop valuations, hybrid valuations, AVMs, and advisory services.

KEY FEATURES/BENEFITS

Financial Strength and Stability

- » Backed by Fidelity National Financial as majority owner in ServiceLink
- » FNF is currently ranked 293 on the Fortune 500 list

Experience

- » A leader in the Valuations industry since its start in 1983
- » Twenty-three years of industry experience amongst the valuations management team

Dedicated Customer Service

- » Focused on each client's unique processes and requirements
- » Expert, personalized service
- » Aggressive milestone management
- » Rapid, proactive change and resolution
- » Timely, effective, and efficient communication

Comprehensive and Customizable Quality Control

- » Team of skilled QC analysts, made up of industry specialists and licensed staff appraisers
- » Customized systematic order routing based on report complexity and analyst qualifications
- » Robust rules-based automated review against comprehensive rule sets
- » Integrated data validation using the latest technological resources
- » Side-by-side inspection of current and prior valuations to ensure accuracy and consistency
- » Fully customizable approach to match client's own internal requirements

Industry-Leading Turn Times With EXOS

- » Only mobile app in the valuation space with real-time access to appraiser calendars that allows consumers to select a date and time convenient for them—at any time, from any device
- » Expedites appraisal scheduling process
- » Reduces overall turn times to a five-day delivery

COMPETITIVE ADVANTAGE

ServiceLink, through its predecessor companies, has offered valuation services since 1983. ServiceLink is committed to quality, service, innovation and long-term strategic partnerships.

Strength and Stability:

As part of the Fidelity National Financial family of companies, ServiceLink offers superior financial strength, industry leadership, and insight. ServiceLink's mortgage services industry focus ensures our partnership commitment throughout the contract terms and beyond.

Technology Solutions:

ServiceLink offers a variety of solutions to meet valuation needs through all stages of a real estate transaction. ServiceLink is committed to innovation and investment in new valuation solutions as industry and client's needs evolve. EXOS is the newest product of this innovation and is the leader in providing cloud-based digital technologies to real estate lenders and servicers. This platform specializes in providing feature-rich capabilities to enhance, or to complete, our customers' digital mortgage strategy.

Unlike other market offerings, EXOS is live, ready, and market proven, and it will continue to transform the appraisal space and overall mortgage servicing industry.

Regulatory Compliance:

ServiceLink is committed to upholding the highest levels of compliance and ensuring ServiceLink is at the forefront of risk mitigation. ServiceLink's Regulatory and Compliance Counsel monitors all new and pending regulations and participates in industry engagements to receive the most current information. ServiceLink also maintains documented policies and procedures to help clients meet third-party oversight requirements.

Experienced Vendor Network:

ServiceLink has one of the largest real estate appraiser, broker, and real estate agent panels in the industry and believes that maintaining strong vendor relations is vital. Our vendor management team and Chief Appraiser office is dedicated to the recruitment, education, coaching, and overall relationship with members of ServiceLink's network. ServiceLink offers industry training and coaching to all valuation vendors in group and individual settings to enhance their understanding of evolving industry regulations and client-specific requirements. We also offer ServiceLink University, a free online repository of training courses for appraisers, brokers, and agents.

Quality:

ServiceLink's focus on quality helps eliminate the service, time, and cost impacts that are associated with valuation reconsiderations.

- » Each report undergoes automated and manual review
- » Rules and analytical tools focus on client-specific compliance requirements and all federal and state regulations
- » Enhanced QC tools leveraging AVMs, HPI, proprietary, and public data to independently confirm valuation data points
- » Consistent high-quality ratings with top lenders, servicers, and investors

ADDED VALUE TO CLIENTS

The ServiceLink difference ... a complete suite of valuation solutions (including alternative and proprietary products), superior quality control, nationwide coverage, scalable capacity, origination-servicing differentiation, industry-leading compliance practices, customizable unique integrations, and innovative and intuitive technology.

ServiceLink is supported by the financial strength and stability of its parent company, Fidelity National Financial, which is the highest-ranked company in the Title Insurance industry in the Fortune 500 (293 of 500) as of June 2017.

KEYS TO SUCCESS

PEOPLE ... It all starts with incredible talent.

With an experienced, innovative leadership team at the helm, ServiceLink is focused on attracting, retaining, and developing talent in every discipline in its organization. ServiceLink ensures the right talent is dedicated to the right account, training teams of client-focused specialists who become an extension of the client.

- » ServiceLink's SVP and Chief Appraiser, Danny Wiley, SRA, is an industry leader:
- » Appraisal Standards Board (ASB) Chairman 2002 – 2004
- » ASB Board Member 2001 – 2006
- » USPAP co-author
- » 25+ years residential appraisal experience
- » Certified AQB/USPAP instructor

PROCESSES ... ServiceLink is committed to quality and compliance.

Clients have confidence in ServiceLink's reliability and integrity to get the job done efficiently and effectively, ensuring that their businesses will operate at peak performance while mitigating risk.

ServiceLink maintains a dedicated, full-time Risk and Compliance team focused solely on understanding and responding to federal and state legislation and GSE requirements.

TECHNOLOGY ... ServiceLink's investment in technology is unmatched.

ServiceLink utilizes best-in-class technology to revolutionize the industry and reduce valuation turn times, increase productivity, and reduce costs.

ServiceLink's technology is scalable, flexible, and configuration-based to meet investor/insurer requirements and individual business objectives.

GEOGRAPHICAL SCOPE AND COVERAGE AREA

ServiceLink Valuation Solutions conducts business in all 50 states and has an extensive panel of skilled, experienced valuation professionals. ServiceLink has the local market expertise and history of superior service to deliver process efficiencies that accelerate and simplify the valuation process for servicers nationwide.

INDUSTRY AWARDS & ACCOLADES

Morningstar assigned a 'MOR RV1' ranking to ServiceLink Valuation Solutions as a residential vendor for asset valuation each year since 2016. MOR RV1 is Morningstar's highest residential vendor ranking and is defined by Morningstar as "exceeds prudent vendor standards and requirements for the vendor's operational category and role."

CARRINGTON PROPERTY SERVICES, LLC

KEY PERSONNEL

Michael Dorner
SVP

Devin Demers
Director

Tom Huddleston
SVP, Institutional Business Channel

GEOGRAPHICAL SCOPE AND COVERAGE AREA

CPP offers national coverage.

KEY FEATURES/BENEFITS

CPP's products and services are technology-based and integrate MLS data to provide a more efficient and reliable result. CPP's history of supporting its capital markets, servicing, and originations affiliates allows it to appreciate the needs of clients from their perspective.

CORPORATE DETAILS:

1600 South Douglass Road, Ste. 130A, Anaheim, CA 92806 | 866.225.1780 | Information@CarringtonPS.com | CarringtonPS.com

COMPANY DESCRIPTION

Carrington Price Pointe (CPP), a division of Carrington Property Services, LLC, (CPS) is focused on providing diligence and valuation-related services to the mortgage and residential real estate investment industries. CPP has leveraged years of experience providing services to the origination, servicing, and investment affiliates of the Carrington family of companies, as well as to external clients, to develop solutions tailored to the specific needs of each group. Carrington offers its clients creative and customized solutions based on each client's needs while providing insights it has honed over the years.

COMPANY HISTORY

Carrington began by providing multiple valuation and diligence services in 2003. The unprecedented market conditions experienced from 2007 onward spurred the development of additional products intended to better account for the dynamic market conditions. In 2013, CPP launched an enhanced platform that provides more accurate and reliable tools by combining Carrington's 15 years of industry expertise with integrated comprehensive data and market analytics.

REGULATORY COMPLIANCE

All reviews are performed in accordance with state and federal law as it pertains to asset valuation.

BUSINESS LINES, SERVICES, AND PRODUCTS

CPP currently offers a full suite of services to support residential mortgage originations and servicing, residential mortgage investments and securitization, and single-family rental (SFR) investment, securitization, and sales. Diligence services include proprietary products that incorporate an agent's inspection and local market expertise with a traditional collateral review and reconciliation.

COMPETITIVE ADVANTAGE

Carrington is a unique provider of valuation-related services that is rooted in its commitment to delivering solutions that best meet its clients' needs in an ever-changing market. For the past 15 years, Carrington has focused on providing accurate and reliable results to help its clients maximize returns in non-performing loan trading, servicing distressed assets, and SFR rental acquisitions and management.

ADDED VALUE TO CLIENTS

CPP is a member of the Carrington family of companies, which has more than 3,700 associates and employees and offers products and services for the full lifecycle of the single-family residential market. CPP provides the expertise and resources of a valuations company coupled with the legal, compliance, management, technology, and business knowledge of all of the company's affiliates.

KEYS TO SUCCESS

CPP understands the goals and needs of its clients. The CPP team is experienced in managing to a financial return goal as well as to process, timelines, and quality. CPP's dedicated and seasoned staff is continuously pursuing ways to improve and refine its products, all to help clients meet their operational and financial goals.

INDUSTRY AWARDS & ACCOLADES

In 2017, Morningstar assigned its highest ranking, MOR RV1, to CPP. With the initiation of this ranking, CPP joins CPS' institutional asset management and rental property management divisions that have held the MOR RV1 ranking since 2014 (reaffirmed in 2015, 2016, and 2017). Both service verticals are supported by CPP's services and analytics. Since 2007, CPP has deployed their proprietary diligence product in the acquisition of \$9.9 billion in non-performing loans and performed over 48,000 diligence and collateral reviews in support of trading operations. Since the launch of a new technology platform in 2013, CPP has completed over 159,000 BPOs. Additionally, CPP was an early entrant to the SFR rental diligence space and has performed diligence on nearly \$2 billion in SFR rental assets.

- » Morningstar MOR RV1 ranking 2014, 2015, 2016, 2017
- » SAS 70 Report 2010, 2012
- » SSAE 18/SOC 1 Type II Report (formerly known as SAS 70 and SSAE No. 16) 2013, 2014, 2015, 2016, 2017

CORPORATE DETAILS:

350 Highland Drive, Suite 100 | Lewisville, TX 75067 | Phone: 813.387.1100 | Website: MCSValuations.com

CORPORATE PROFILE

MCS Valuations, one of the leading full-service valuations providers in the industry, performs property valuations in all 50 U.S. states and surrounding territories with a product suite that includes, but is not limited to, BPOs, appraisals, evaluations, and review products. MCS Valuations' long history of providing data-validated products utilizing industry-leading quality tools combined with excellent customer service delivers data integrity and valuation accuracy for use throughout the life cycle of a loan. The company's tenured management brings years of mortgage lending experience, as well as active participation in the valuation industry.

COMPANY HISTORY

MCS Valuations has been providing services in the valuation industry for more than 15 years with experience providing quality products and services to its clients, including some of the largest lenders and loan servicers in the country. MCS Valuations' tenured management has been in the mortgage and valuation industries through the economic and regulatory changes, allowing them to understand your business and the importance of regulatory compliance along with excellent service.

KEY FEATURES/BENEFITS

Data-Validated Products

MCS Valuations' valuation products are data validated and reviewed for accuracy by industry-leading quality tools providing the combined benefits of data integrity, valuation accuracy, and other market indicators, along with the additional value-added analysis provided by the company's knowledgeable quality control staff. MCS Valuations' expertise in reviewing and interpreting data-validated products saves clients time, steps, and cost and enables faster, exception-based processing of valuations.

Best-In-Class Broker Panel Management

High-quality valuations start with best-in-class vendor panel management. MCS Valuations maintains uncompromising standards and panel management by including comprehensive vendor scorecard systems to continuously and objectively evaluate, score, and reward quality performance.

Product Quality

The team at MCS Valuations is committed to compliance and regularly reviews their policies and procedures to help ensure conformance with applicable laws, including the Uniform Standards of Professional Appraisal Practice and Interagency Statement on Independent Appraisal and Evaluation Functions guidelines. In addition, every valuation report undergoes a quality review to help ensure adherence to secondary market guidelines and any custom specifications you define.

Technology

ValuEdge and SourceNet, the company's proprietary online technology systems, let you place, track, and deliver orders around the clock from anywhere you have Internet access. These systems also manage the valuation process and track panel member performance for quality, workload, and turnaround time.

National Coverage

MCS Valuations' nationwide panel network of appraisers and brokers reach every ZIP code in the U.S. and its surrounding territories. The coverage MCS Valuations provides helps ensure it can always serve your valuation needs.

COMPETITIVE ADVANTAGE

MCS Valuations' data-driven and -validated solutions incorporate property characteristics, available comparable properties, and risk-based scoring models to arrive at an accurate and reliable property valuation. Valuation accuracy provides greater confidence in risk assessment and decision-making (over/under valuation scores, integrity scores, complexity scores, etc.). MCS Valuations' best-in class panel management practices and scoring models ensure high-quality third-party vendors and drive order assignments to the best qualified local real estate professionals. This includes:

- » Comprehensive vendor scorecard system to continuously and objectively evaluate score and reward quality performance
- » A performance-based order allocation ensures order volumes are routed to vendors based on Platinum, Gold, or Silver classifications

Complying with evolving regulations and guidelines has introduced a new level of risk. These new demands require a reputable, financially stable business partner that you can depend on to help ensure valuation accuracy and mitigate compliance risk. MCS Valuations ensures regulatory compliance.

ADDED VALUE TO CLIENTS

MCS Valuations adds value to clients by providing data-validated products that are reviewed for quality and accuracy by a staff of highly trained appraisers and real estate professionals. The company's quality control staff is able to interpret the additional robust data tools available to ensure the final product is a report clients can rely upon. MCS Valuations' experience allows the company to understand the complexity of the environment its clients are navigating and align processes to best meet their expectations.

RADIAN FAMILY OF COMPANIES

Red Bell is a member of the Radian family of companies, which provides the most comprehensive suite of private mortgage insurance, risk management products, and real estate services in the industry.

- » Radian MI—mortgage insurance
- » Red Bell—advanced automated property valuations
- » Clayton—loan due diligence and securitization services, servicing oversight, and surveillance
- » Green River Capital—REO asset management and SFR services
- » Radian Settlement Services—national title, closing, and settlement services

CORPORATE DETAILS:

7730 South Union Park Ave., Suite 400 | Midvale, UT 84047 | MoreInfo@RedBellRE.com
Radian.biz/RedBell

CORPORATE PROFILE

Red Bell is an innovative real estate brokerage company that delivers pricing and valuation products to investors, lenders, and loan servicers. Licensed in all 50 states and the District of Columbia, Red Bell assists clients to better understand and capitalize on local markets through its unparalleled access to data from nearly 400 MLSs.

END-USER CATEGORIES

- » Lender/Servicer
- » Outsourcer

BUSINESS LINES, SERVICES, AND PRODUCTS

Automated Valuation Estimator (AVE): AVE is a state-of-the-art real estate pricing product that leverages market-specific MLS data and advanced analytics to help buyers and sellers identify the most relevant comparables and make informed pricing decisions.

Asset Watch: Allows users to monitor their portfolio proactively with daily notifications of MLS activity on their properties. Primary uses include customer retention, servicing/default management, REO management, and portfolio monitoring.

Broker Price Opinion (BPO): Combining a network of over 20,000 agents, live reporting, and quality control on all orders, clients can be confident that the resulting price estimate is the sweet spot between competitive pricing and maximum profit.

Valuation Risk Review (VRR): The most cost-effective way to validate an appraisal or BPO. The VRR leverages Red Bell's AVE report to uncover potential risks related to the valuation amount, the property and market, or the original provider's methodology.

Appraisal Reconciled BPO (ARBPO): This multi-step offering combines powerful analytics with on-the-ground professional expertise. The ARBPO starts with a price estimate from a Red Bell AVE report and a BPO by a local agent. A licensed appraiser then assesses the comparables from both reports, examines interior property photos, and incorporates other information to reconcile the price estimate.

Restricted Appraisal Report (RAR): An innovative product that bypasses the nationwide shortage of appraisers—and ensuing delays—without compromising the quality of the valuation. First, an inspection is performed by a local realtor. A licensed appraiser then uses Red Bell's proprietary AVE report to help them determine a Market Value.

COMPETITIVE ADVANTAGE

- » **Nationwide Network:** Access to licensed real estate brokers in all 50 states and D.C., as well as to over 20,000 licensed agents for inspections, BPOs, and more.
- » **Unparalleled Data:** The most expansive data in the industry, with access to nearly 400 MLS and retroactive data dating back to 2000 that no other provider offers.
- » **Superior Customer Experience:** Blending ease of use and direct integrations, Red Bell's products deliver efficiency and quality results.

ADDED CLIENT VALUE

- » **Reliability:** Leveraging the most expansive data source in the industry, Red Bell's products give clients unmatched insight to inform their valuation decisions.
- » **Efficiency:** Products employ advanced technology to deliver reliable results faster—and at a lower cost—than traditional valuation methods.
- » **Flexibility:** Red Bell's variety of products gives clients options to complement their unique valuation strategy.

KEYS TO SUCCESS

- » Products are built by users, resulting in intuitive design and functionality.
- » Backed by the financial strength of Radian, Red Bell continues to expand its offerings.

INDUSTRY AWARDS, ACCOLADES, AND MILESTONES

Ranked by MorningStar as a "MOR RV1" residential vendor in the asset valuation market.

CLIENT TESTIMONIALS

"Red Bell allows me do my job in less time and have the confidence that the information I use is correct."

Staff Appraiser

"I would argue that, without using Red Bell AVE to help establish a marketing strategy, we would be leaving money on the table by listing properties too low."

CORPORATE DETAILS:

25520 Commercentre Drive, Lake Forest, CA 92630 | 949.206.5369 | Sales@USRES.com | USRES.com

COMPANY DESCRIPTION

Over the past 25 years, U.S. Real Estate Services (USRES) has become an industry leader for a wide variety of valuation and REO disposition services. Throughout its tenure, USRES has cultivated a reliable and knowledgeable vendor panel of both agents and appraisers. These vendors are consistently vetted and graded to provide clients with a reliable panel of partners. In 2003, the company also created its proprietary software solution, RES.NET, which has grown to include a complete servicer suite of portals. Ownership of a premium technology platform allows USRES to adjust practices to meet the specific needs of each client and provide the flexibility other service providers simply cannot match.

BUSINESS LINES, SERVICES, AND PRODUCTS

USRES offers clients a wide variety of valuation services, including origination and default appraisals, BPOs, and rental analysis reports. Over the past 25 years, the company has developed a reliable vendor network who are held to rigorous standards to ensure clients receive the highest quality product available. Through its technology solution, RES.NET, USRES also built its own Valuation Portal, which allows all files to be assigned, tracked, and reviewed with ease.

COMPETITIVE ADVANTAGE

USRES is known for its unique blend of technology and personal oversight. The company utilizes its proprietary Valuation Portal to constantly monitor performance, run grades and reports, and analyze each prospective agent and appraiser to ensure the best candidate is always on the job. USRES also employs licensed and certified appraisers who, along with the aid of third-party tools, perform comprehensive QC reviews on every valuation. Through this combination of experienced professionals and cutting-edge technology, the company is able to provide accurate and timely value assessments for investors making asset management and bulk purchase decisions.

KEY FEATURES/BENEFITS

Broker Price Opinions

» USRES maintains a select group of licensed agents geared towards serving the BPO market while consistently adhering to both quality and delivery specifications. USRES is committed to accuracy and maintains its place in the industry by partnering with a panel of vetted REO listing agents. These values are further scrutinized by USRES' in-house staff of licensed appraisers and third-party analytics. The USRES process ensures that every BPO goes through a comprehensive audit for content and accuracy. From assignment to delivery, every BPO is overseen by USRES' experienced staff to ensure pinpoint accuracy in every order.

Appraisals

» USRES seeks out and retains a robust network of licensed appraisers dedicated to their trade. All valuations are reviewed and audited by both an in-house team of appraisers and integrated QC functionality, giving our clients the perfect blend of technology and personal oversight. In this way, the company ensures customers receive an end product that is completed on time without sacrificing accuracy. USRES' unparalleled technology solution provides a secure and seamless experience for clients, appraisers, and borrowers alike.

Rental Analysis Reports

» The USRES Rental Analysis Report is a timely response to rentals becoming a viable revenue source for mortgage bankers pursuing NPL acquisitions. This product is completed by our network of more than 80,000 agents who personally inspect each property. When paired with other valuation products, the rental analysis report provides clients with the necessary data for selecting the most profitable strategy for every file. Through varied offerings in this and other niche segments, USRES has made a name for itself as a provider of end-to-end servicer solutions.
